

Midas_V2 — Future Plans (v0.3.9 draft)

Date: 2025-09-07

- Re-validate September D/E; keep A–E stable.
- Hygiene + opening RVOL gate (A/B test) after baseline.
- Router (D→E→B→A→C), one position per symbol, dry-run first.
- Later: risk-based sizing (fixed \$R; caps), 1-second confirm at entry only, multi-trade per ticker.
